

Mystery of the Chinese Ring by Andy Adams

Read by Peter Thomlinson. Total running time: 04:03:42

Mystery of the Chinese Ring is an exotic adventure story set in locations such as Burma and China, with historical and political ramifications that applied to the mid-twentieth century and that still ring true in the early twenty-first century. What is the purpose of the ring? What is the significance of the letter "K"? Why the interest in a sixteen-year-old boy going to visit a relative in Burma? Why are family dynasties so important, and why the secrecy concerning their survival? This is an audiobook that will find eager listeners among those who enjoy adventure stories with many twists and turns, no matter the listener's age or gender. The author, Andy Adams, was a well-known writer of cowboy books that are thought to be the best in that genre. His *Biff Brewster* books are likewise highly regarded. As the main hero is sixteen years old, this story will resonate with all who are youthful. *Mystery of the Chinese Ring* is an entertaining book.
